(c) whether these proposals would from part of the Ninth Five Year Plan for the Defence forces and when this is likely to

be finalised?

THE MINISTER OF DEFENCE (SHRI GEORGE FERNANDES): (a) to (c) The schedule of completion of some defence projects has slipped due to various factors such as resource constraints, long gestation periods in development of advanced systems and, in selected cases, the effect of international export control regimes. It is proposed that officers working in the Ministry of Defence will underego familiarisation exercises in different parts of the country where—defence personnel are deployed—at the beginning of their tenure in this Ministry and also at regular intervals during their tenure. In the first instance, two officials who were dealing with procurement of a high priority equipment for troops deployed in Siachin have been to Siachin to undergo familiarisation of one-week duration in that region.

(c) Representations received from the officers concerned were considered and they were suitably advised that decision to obtain first hand knowledge of ground realities in Siachin should not be construed punishment.
